My name is Luca Sutto. I am a European patent attorney and principal in the Munich Office of Fish & Richardson P.C..

I met Viola for the first time in July-August 2008 and since then I have worked with Viola on a regular basis.

Viola is a very experienced and hard working patent paralegal. Her knowledge and skills are out of discussion: this is the reason why – I believe – the firm selected Viola for training the paralegal staff in our Munich office.

During the past year, I appreciated Viola's ability to solve issues, help in coordinating work, supervising less experienced paralegals and driving people to do things the right way.

I should also mention Viola's interest in learning European procedures: while Viola was in Munich, she supported Munich attorneys on several European matters, including patent opposition cases gaining a quite significant experience concerning procedural aspects of the European Patent Convention.

In short, Viola is definitely one of the best paralegals I had the privilege to work with.

Please feel free to contact me should you have any questions.

Sincerely,

Luca Sutto
